

Clean Label Glaze is free from preservatives, artificial colours and flavourings, hydrogenated fats, allergens and is also suitable for vegans and vegetarians.

It is a ready to use glaze, designed to give a high shine and long lasting finish to all types of buns and pastries. It is ideal for in-store application or for chilled or frozen pre-glazed pastries or pies where a lighter bake and darker gloss is required. Once applied, it is contact-wrappable and remains intact for the shelf life of the product. It outshines conventional egg wash in more ways than one.

Better handling	No make-up is necessary. Ready-to-use Clean Label Glaze can be brushed on or sprayed and contain no fibres to block spray nozzles.	Greater Economy	Clean Label Glaze gives a fine dispersion and even coverage when sprayed or brushed
Longer lasting	Clean Label Glaze gloss will normally outlast the life of the glazed article.	Less Mess	Clean Label Glaze will not stick to silicon paper but can simply be brushed off after baking. They are not sticky like sugar bun washes and so remain on the bun and not stuck to the packaging.

- The glazes can be applied by brushing or spraying; for best results apply immediately prior to baking.
- Ensure products are free from excess flour dust before glazing.
- Store in a cool, dry place. Once opened, keep chilled and use within 7 days.
- A little separation in units may occur. Please agitate before use if not using complete contents.
- The “best before” date is shown on pack and the products will perform to specification up to the date shown, if stored in the prescribed manner.

Please note:
